

Dhaka, Aug 13: The three week long AFC “B” Certificate Coaching Course 2010, which started from July 24, concluded today.

A total of 17 Bangladeshi coaches participated in the program, conducted by AFC instructor Ardeshir Pour Nemat Nodehi and was assisted by two local instructors, Bayezid Zubain Nipu and A.K.M. Saiful Bari Titu.

“They got a good lesson on tactics and psychological things of football during the course. The course has finished and their duty starts from here. The certificate is not the most significant thing. The coaches have to change themselves to change the scenario,” said the Iranian instructor Ardeshir in the closing ceremony.

BFF vice president Kazi Nabil Ahmed remarked, “I am confident about the quality of all the participants. All of them have the potential to be a good coach. They are the responsible people to guide our youth. I hope they will perform their best in their respective areas.”

“The coaches’ education is the key factor behind the development of the game. The participants were very enthusiastic this time and it is very desirable,” said Titu the assistant instructor.

BFF executive committee member Sattyajit Das Rupu and general secretary Al Musabbir Sadi were also present.
